Other comments or suggestions:

- As usual, I am impressed by the ability of BBS staff to make us feel as if "INTEREST" is the only project they are overseeing. "Pay homage when homage is due"!
- This meeting covered a lot and it was good to see open discussion taking place and progress being made. It was good to re-engage with the project in-person!
- Organized very well,
- Thank you very much to Laszlo and Andrea, together with their BBS colleagues, for the effort to organise the meeting, their hospitality and a friendly atmosphere created over the two days in Budapest. I am happy that after a long phase of online work we returned to F2F meetings (starting with the one in Udine). This is building better understanding between the partners and is an auspicious signal for the possible follow-up project.
- Perfect organization and BBS was a great host. Thank you very much!
